Otter Lake Fishing Diary

Instructions

1. Record each day you fish whether you catch or not.
2. Please record catch same day. Do not rely on memory.
3. Record all species of fish.
4. If fish is to be released only estimate total length.
5. If fish is kept, measure before cleaning - Measure total length of fish to the nearest cm or ½ inch.
6. If you are lucky to catch a Splake or Lake Trout, please take a picture and email it to info@otterlake.org.
7. If you are confident you have caught a Lake Trout (likely be of large size; probably well over 10 lbs), please bag and freeze the contents (organs) of the body cavity for NDMNRF to verify species. Email info@otterlake.org for pick up.

On behalf of the
Otter Lake Landowners' Association
and the
Ontario Ministry of Northern Development, Natural Resources and Forestry,
thank you for helping with the Otter Lake Fisheries Assessment Program.

Your contribution will enable us to both enhance fishing opportunities and provide for healthy, sustainable fish populations.

Angler's Name:_____ Year:_____
Address: _____
E-mail: _____

NOTE: *E-mail address is optional. A report on the program results will be forwarded to anglers who provide this information.*

Date	Time		Fish Species	Length	Kept or Released
	Start to Fish	End Fishing		Inches/cm
